## LOUISVILLE ROYALLY GREETS ROOSEVELT

### City Enjoyed Holiday In Honor Of His Visit.

#### VETERANS ACT AS AN ESCORT

**President is Introduced to Audience by Governor Beckham and Spoke for About Fifteen Minutes—Trip from Washington Without Incident.**

Louisville, Ky., April 5.—President Roosevelt and part arrived in Louisville today on schedule time, the train coming to a stop at Third and A streets at 9 o'clock.

The trip over the Louisville and Nashville from Cincinnati was without incident. A moment after the train stopped a detail of state militia stationed in the Horse Show building 2 miles from the place where the executive left his train, fired the presidential salute of 21 guns. A crowd of several thousand, including 2,000 children from several institutions, surrounded the train, and as the president made his appearance, he was greeted with hearty cheers.

The weather was cool, but the sky was only thinly overcast. The president was welcomed to Lousville by Acting Mayor Paul C. Barth, in the absence of Mayor Grainger, who is ill and by Houn Logan C. Murray, chairman of the general committee. The president responded briefly, and was then escorted to his carriage a few steps away, where he was seated with Secretary Loeb, Governor Beckham and Mr. Murray. Preceded by a detail of mounted police and by a mounted civilian escort, bearing the president's colors, the president's carriage moved forward, the procession being under way in a few moments, with General John B. Castleman acting as grand marshal.

Immediately following the president were carriages containing the members of his party and citizens of Louisville assigned to accompany them. Then followed carriages with members of the Loyal Legion, Grand Army of the Republic and Confederate Veterans acting as a special escort to the president.

The judges of the court of appeals of Kentucky were next in line, and following them was a detachment of mounted Woodmen of the World.

Bringing up the rear of the imposing procession were 50 carriages, two abreast, containing the general reception committe and invited guests. A glimpse of the south in spring time greeted the eye of the presirdent as the party proceeded down Third street.

The president was cheered at frequent intervals by a continuous line of people from the time he left his train until the party heared the business section where greeting grew into a popular ovation. He was compelled to lift his hat often during the drive, but as he neared Broadway he removed his hat and was kept busy bowing right and left.

The president arrived at the speaker's stand at 10 o'clock. He was introduced in a few words by Governor J. C. W. Beckham.

The crowd around the speaker's stand was limited to the lines of buildings on the various streets, and at times seemed beyond the control of the police. Not one-fifth of those in sight of the president could hear his remarks. The president spoke less than 15 minutes, and was heartily cheered.

#### Woman's Attorney in Cincinnati.

Cincinnati, April 5.—Judge Francis J. Wing, counsel for Mrs. Cassie L. Chadwick, and United States District Attorney Sullivan arrived here today to appear before the United States circuit court of appeals to argue the motion for a stay of sentence, which Mrs. Chadwick's attorneys are prepared to make as soon as the court reaches that order. Judge Wing said today that several new questions of law were involved, and it might require some time to present the matter fully.

## TWO KILLED; THREE INJURED.

**Fast Passenger Train Collides With Freight on Main Line.**

Cleveland, O., April 5.—A fast east bound passenger train on the river division of the Cleveland and Pittsburg road, known as the Pittsburg Flyer collided with a west-bound freight at Costonia, O., today, resulting in the death of two men, while three others were injured. The dead:

Edward Tuller, engineer of passenger train.

H. C. Ehling, fireman of passenger train.

The injured:

T. C. McIntyre, Pittsburg, passenger, badly hurt; J. N. Brown, of Steubenville, O.; G. J. Tichenor, of Pittsburg, passenger, slightly.

The acident was caused by the freight train over running a siding in going on to the main track, where it was struck by the passenger, which was moving at a high rate of speed.

The members of the freight crew escaped injury by jumping.

## NO EVIDENCE OF POISONING.

**Death of Mrs. Larned Investigated by Coroner of New York.**

New York, April 5.—A coroner's physician who performed an autopsy on the body of Mrs. Ruby Larned, the young wife of William L. Larned the illustrator, has reported that he could find no trace of poison. The young woman died Sunday night in a mysterious sleep supposed to have been induced by poison she had drank in a glass of claret. Larned and a servant were paroled, in custody pending the result of the autopsy.

The coroner at once discharged Mr Larned and the servant from custody but held them as witnesses for an inquest tomorrow. He said the autopsy revealed no trace of poison, but that a chemical analysis might discover traces of non-corrosive poisoning in the stomach.

#### Storm Raging in Colorado.

Denver, Colo., April 5.—After a lull of several hours it has begun raining and snowing along the eastern slope of the mountains and the storm is again in full sway. Trains are delayed and other traffic interrupted but no serious damage is reported from slides or washouts. In the Cripple Creek district the storm has raged constantly for three days. The short line train which became snow-bound Saturday evening, has arrived here with its 70 passengers. It required four large engines to buck the snow which in some places is over 5 feet deep.

#### Indianains Visiting Florida.

Jacksonville, Fla., April 5.—A party of 240 Indianapolis school teachers and pupils arrived last night and left at 10 o'clock on the steamer May Garney, for a trip to Mandarin, an hour's ride up the St. Johns river, accompanied by local school officials and members of the board of trade. The trip was tendered through the courtesy of the board of trade. The party will leave tomorrow for Pensacola. It is the annual custom for Indianapolis to send pupils of its schools to make a tour for educational purposes.

#### Investigating Supposed Suicide.

Cripple Creek, Colo., April 5.—The parents of Eugene Yousle, supposed to have comitted suicide at Hot Springs Ark., recently have started an investigation, alleging that the young man was murdered for his money. They say he had between $8,000 and $10,000 which is missing. The body which has arrived here, bears scratches on the chin and a heavy bruise under the right eye, in addition to the cut in the throat. Physicians who have examined the body substantiate the murder theory.

#### Secretary Hay at Genoa.

Genoa, April 5.—Secretary Hay to all whom saw him today when he drove about the town looked well. He himself said he felt much better, and that the conditions of his health has been improved by the rest journey which he enjoyed immensely. Mr. Hay has not decided on his future plans but he expects to remain here for a few days.

## RUSSIA PREPARING TO CONTINUE WAR

### Czar Nicholas Show No Sign Of Ending Struggle.

#### 75 ARE KILLED BY EXPLOSION

**German Prince Visits Russia and Causes a Sensation—140,000 Fresh Troops Leave for the Far East—Little News from Seat of Trouble.**

St. Petersburg, April 5.—War Minister Sakharoff today declared that the reports of Russia countermanding orders for war material abroad are baseless and grow out of the declination of the foreign offers with which the war office and the admiralty have been swamped. He insists that there has been no relaxation in the preparations to continue the war, but says there will be no new mobilization at present, explaining, as stated in these dispatches, that 140,000 troops of the last mobilization have already started for the front and that instead of mobilizing troops these will be followed by a portion of this year's conscription.

#### Seventy-Five Killed in Explosion.

New York, April 5.—Seventy-five persons, including four artillery officers, 30 artillerymen and 40 Chinese coolies, were killed Monday by a terrific explosion of a bomb in the artillery depot in Harbin, Manchuria, according to a World dispatch from St. Petersburg. The two men who caused the explosion were also killed. The laboratory and thousands of projectiles were destroyed.

#### German Prince Visits Russia.

St. Petersburg, April 5.—11:45 a. m.—Prince Henry of Prussia, representative of the German emperor, reached Tsarskoe-Selo this morning. As there had been no news here of such a visit, his sudden apearance for a personal interview with Emperor Nicholas upon the heels of his brother's speech an Tangier created considerable sensation.

## MINISTER McCORMICK IN PARIS.

**Former American Ambassador at St. Petersburg Assume New Post.**

New York, April 5.—Robert McCormick, newly appointed American ambassador to France, has arived in Paris from St. Petersburg, says he is surprised at the reports that there was a desire to conclude peace at any price manifested in official circles, cables the Paris correspondent of The Herald. According to Ambassador McCormick, no such desire exists in St. Petersburg. On the contrary in official circles there is, he said, a general desire to continue the war to the bitter end, and there are great hopes that Admiral Rojestvensky will meet the Japanese fleet and gain a victory which may in one day change the entire aspect of the war. All the hopes of Russia are now centered in that fleet, and a battle between that fleet and the Japanese squadron is looked for soon.

#### Violent Earthquake in India.

London, April 5.—A dispatch to a news agency from Lahore, British India, says that a violent earthquake has occurred there accompanied by serious loss of life and great damage to public and other buildings. The town hall is almost razed and the cathedral and Juma Masjid, one of the finest mosques in India, are seriously injured. Other big buildings are cracked and fissured. Many houses in the native quarters collapsed.

#### Temperance Crusaders Go to Jail.

Wichita, Kan., April 5.—Carrie Nation, Myra McChesney, Lydia Munts and Lucy Wilbolt, temperance crusaders, who are awaiting trial for wrecking the glass front of a wholesale liquor house some time ago, voluntarily went to jail today in order to release a thousand dollar furnished by Mrs. Nation. Mrs. Nation wanted the money to loan.

## BELGIUM IS NOT SATISFIED.

**Plan of United States About San Domingo Don't Please Them.**

New York, April 5.—The Belgian committee of holders of the San Domingo bonds refuses to have anything to do with the proposed arrangement between Santo Domingo and the United States, and will protest against the plan, says a Times dispatch from Antwerp.

The proposal to deposit the money from the customs collections in an American bank until a definite arrangement is completed is not satisfactory to the Belgian bondholders, who demanded the payment of $27,000 a month to them. Of the total of the debts of which amounts to nearly $27,000,000, more than half is estimated due to the Belgians. They own $15,000,000 worth of Santo Domingo bonds, and the accumulated unpaid interest makes it amount to about $16,000,000. A committee representing the Belgian creditors and the few French creditors, made a contract with the Santo Domingan government in June, 1901. The contract provides that the committee collect 15 per cent of the customs revenues of the republic, charged upon the revenues of Santo Domingo city. The minimum payment from the government to the committee was to be $25,000 a month, besides $2,000 in expresses. If the revenues of Santo Domingo city were not sufficient, the Belgians might collect from the Port of Macoris.

For the last two years the commission has been able to collect nothing at all owing to the revolutions and other international disturbances.

#### Big Libel Suit in Savannah.

Savannah, Ga., April 5.—Four suits for libel and slander, in which damages aggregating $300,000 are asked from prominent Savannahians, were filed in the city court on Saturday. The suits were instituted by Peyton B. Bibb, of Cartersville, and are against Farron Carter, cashier of a bank; Dr. William B. Crawford, a prominent physician; Mrs. Sarah J. Falligant, widow of the late Judge Robert Falligant; Mrs. Elizabeth C. King, of Richmond county, and Mrs. Mollie J. Selden, of Sewanee, Tenn. Each is sued for $50,000. The ladies are all relatives of Mr. Bibb's wife. Dr. Crawford attended her during an illness, and Mr. Carter was appointed co-receiver for her property.

#### Drunk Man Kills Wife.

Pittsburg, April 5.—John Walton, a machinist employed at the Westinghouse Machine company's shops, and living with his wife, mother-in-law and sister-in-law, went home drunk. When his wife found fault with him for his condition he drew a knife and cut her throat and then cut his own. Within ten minutes both were dead. Mrs Walton's mother and sister were found in a swoon when neighbors came in in the room.

#### Shoots Wife In Church.

Howells, Neb., April 5—After shooting his wife as she sat in her pew in church and threatening the other worshipers by brandishing the smoking revolver, E. D. Novak walked out of the building and up the main street of the town and finally shot himself while in the kitchen of his home, dying instantly. The woman will recover. The tragedy is said to be the result of domestic troubles.

#### Minister Conger Leaves Pekin.

Pekin, April 4.—Afternoon—Edwin H. Conger, who has just vacated the post of American minister to China upon his appointment as ambassador to Mexico, left for America today via Han Kow. Representatives of all the foreign legations assembled at the railway station to bid him farewell. The approach to the station was lined by Chinese troops.

#### Smith Case Postponed Again.

Cincinnati, April 5.—The case of J. Morgan Smith and wife, arrested here as witnesses in the Nan Patterson-Caesar Young murder case in New York, came up again in police court today, but was once more adjourned, this time until April 7, the postponement being required to wait the action of the common pleas court on the writs of habeas corpus.

## THIRTY FIVE DEAD IN MINE DISASTER

### Only Fourteen Bodies Have So Far Been Recovered.

#### RESCUE WORK IS HAZARDOUS

**Inspector Makes Tour of Mine and Says Explosion Was Caused by Powder and Not Gas—Rumor Afloat Mine Was Intentionally Destroyed.**

Benton, Ill., April 5.—The death list at Zeigler now reaches 29, but is expected to run to 35.

Fourteen miners have already been taken from the mine alive, but two have died since.

The identified dead are:

State Mine Inspector William Atkinson, of Murphysboro.

Mine Inspector John Graham, of Zeigler.

Joe Geisler.

Everett Jones.

Jerry Ward.

John Lindsey.

Rolly Campbell.

The bodies of the dead have about all been located, but the work of rescue is very hazardous.

Last night State Mine Inspector Atkinson and Zeigler, and Mine Inspector John Graham went down into the mine and were brought out dead from the foul air and smoke. Deputy Mine Inspector Evan Evans nearly succeeded in making a tour of the mine and was brought almost dead. He has given out the statement that the explosion was not caused by gas, but was a powder explosion, and took place south of the main hoisting shaft.

This has given rise to the report that the mine was intentionally destroyed by enemies of Mr. Lester.

A rescuing party from the Peabody Coal company and Marion arrived this morning to assist in the work.

#### Florida Judge is Acquitted.

Mariana, Fla., April 5.—Judge Benjamin S. Liddon, against whom disbarment proceedings were recently begun in the court of Marianna, has been declared not guilty on all counts in an order issued by Judge C. B. Parkhill, who heard the case. It seems that the charges were exceedingly weak and of too diaphanous a texture to hold. The evidence adduced at the trial failed to support any one of them. Friends of Judge Liddon declare that the charges were made with malicious intent, by persons who knew they could not be substantiated. His friends all over Florida are congratulating him on his acquittal.

#### Indicted by Federal Grand Jury.

Washington, April 5.—The federal grand jury has returned indictments against William G. Corbett, August W. Machen and George E. Lorenz, on a charge of conspiracy in connection with the purchase of straps for mail pouches. An indictment under the same charge was returned against the same individuals in 1903, at which time the name of Mrs. Lorenz was included, with the others. The present indictment differs from the former only in the omission of the name of Mrs. Lorenz.

The president's yacht Sylph is proceeding up St. Johns river and reported to be in the vicinity of Palatka, Fla. The weather is ideal. Mrs. Roosevelt and children are delighted.

Municipal elections are being held in many towns throughout Wisconsin today. In addition a justice of the state supreme court and a state superintendent of schools are being voted for.

Frank B. Bell, a prominent citizen of Dallas, Tex., and a member of the Pythian order, was shot and probably fatally wounded by Robert Parker, chief clerk of the district court of Dallas, Tex.

The season's wheat yield for New South Wales totals 16,463,230 bushels, an average of 9.2 bushels per acre. About eight million bushels are available for export of which 4,252,832 have already been shipped.

# GOOD ROADS WILL CONNECT GOOD TOWNS

## Time Not Far When Gainesville and Ocala May Visit.

### ALL TRAVEL BY AUTOMOBILE

### E. C. Smith and J. H. Spencer Arrived Wednesday, Having Made the Trip by Automobile From Ocala in a Little More Than Four Hours.

E. C. Smith and J. H. Spencer of Ocala are in the city. The former is a member of the Ocala Furniture Company, and is associated with Mr. Spencer under the firm name of Smith & Spencer, dealers in automobiles and gas and gasoline engines. They came from Ocala on one of their Glide touring cars, making the time from Ocala to Micanopy, partly over a sandy road, in a few moments over three hours. The time from Micanopy to Gainesville, by way of Tacoma, Wacahoota and Arredondo, was made in good time.

The machine is fourteen horsepower, and is one of the best manufactured. It created a great deal of interest among the curious here.

Messrs. Smith and Spencer have come for the purpose of introducing their machine, and will remain here for two or three days. They expect to make an inspection of the newly constructed roads in this vicinity today.

"I note with a great deal of interest that Alachua county people have the good roads fever," remarked Mr. Smith. "It's the best thing in the world for the advancement af a community, as has been demonstrated in Marion. I hope the time will come—and I believe it will, and not very far distant—when Ocala and Gainesville will be more closely bound as neighbors, when our Ocala and Gainesville friends may visit each other frequently. When the roads are in proper condition it will be an easy matter for your people to breakfast at home, eat dinner with their Ocala friends, spend a pleasant day and return in plenty of time for supper. This is bound to be accomplished by an automobile trip over properly constructed roads, and it will not be many years before you will see it."

# MONTHLY MEETING BOARD OF TRADE

## Largely Attended and Interesting Session of That Body.

### WANT TO ADVERTISE CITY

### Committee Was Appointed to Confer With Dr. Clarence B. Strouse in Matter of Advertising—Board Pleased at Actions of Citizens.

The regular monthly meeting of the Gainesville Board of Trade was held at the Board of Trade rooms, City Hall, Wednesday afternoon at 3 o'clock, a good crowd being present.

There was a great deal of important business coming before the board at this meeting. Among other things discussed was the proposed extension of the charter of the city of Gainesville, which would give to the city more municipal power, as well as extend the limits to a point which would greatly increase the population of the city. The board commended the action of the citizens in mass meeting Tuesday evening, and it was the nature of the meeting that every encouragement and influence be exercised towards the passage of the measure.

The matter of advertising the city through the Bible Conference, Christian Workers' Institute and Chautauqua was brought up, and after some discussion a committee comprising W. M. Pepper, Geo. W. Hyde and B. F. Jordan was appointed to confer with Dr. Clarence B. Strouse in the matter. The committee met Dr. Strouse late in the afternoon, and a special meeting of the Board of Trade will be held this afternoon, at which the committee will make its report.

The committee suggests that the business men and others using printed stationary permit the advertising of the functions to be placed upon the same, which will not detract from the respective business, but will prove a great agent in advertising Gainesville and the Bible Conference and Chautauqua.

## CATTLE HAVE ARRIVED.

### Carload of Herefords for Spring Park Farm Came in Good Time.

The carload of Hegeford registered cattle recently purchased at Henrietta, Texas, by N. A. Callison, manager of Spring Park Farm, Bennington, notice of which has already appeared in The Sun, arrived via the Seaboard Air Line Tuesday night, and Wednesday were unloaded and driven to the farm, eight miles to the westward of the city.

The consignment consisted of seventeen head of fine cattle, all registered, and was one of the finest droves of cattle ever seen in this State. The drove as a whole was viewed by many cattlemen who know a good cow, and the flock was the center of admiration of all who saw it.

Manager Callison states that the Spring Park Company has finished buying cattle for the present, as they now have one of the best stocked farms not only in the State, but in the entire Southeast.

Photographer Smith secured an excellent photograph of the car, which will be used for advertising purposes.

# BLOOD POISON MAN'S GREATEST ENEMY

The disease that has done more than any other to wreck, ruin and humiliate life, is Contagious Blood Poison, shame and suffering go hand in hand with this great enemy, always hated and fought it as he has no other disease. It is the most fearful of all poisons; no matter how pure the blood may be, when this poison enters, the entire circulation becomes poisoned and its chain of horrible symptoms begin to show. Usually the first sign is a small sore or ulcer, not at all alarming in appearance, but the blood is being saturated with the poison, and soon the mouth and throat begin to ulcerate, the hair and eyebrows drop out, a red eruption breaks out on the body, copper-colored splotches and sores make their appearance and the poison even works down into the bones and attacks the nerves. Not only is the disease hereditary, being transmitted from parent to child, in the form of scrofula, weak eyes, soft bones, weak, puny constitutions, etc., but is also so highly contagious that many a life has been ruined by a friendly hand shake, or from using the toilet articles of one infected with the poison. To cure this blighting, deadly curse the blood must be purified, and nothing will do it so quickly and surely as S. S. S. It goes down to the very bottom of the trouble, drives out every particle of the poison and makes the blood clean and strong. It does not hide or cover up anything, but from the first begins to expel the poison and build up and strengthen the system. S. S. S. is guaranteed purely vegetable. We offer a reward of $1,000 for proof that it contains a particle of mineral of any kind. Book on the disease, with instructions for home treatment, and any advice desired, without charge.

## A DELIGHTFUL OCCASION.

**W. C. T. U. and Friends Entertained At the Home of Mrs. Turner.**

The W. C. T. U. of Gainesville is noted for doing things. The latest was a reception given by Mrs. Turner at her home in North Gainesville to the members of the unions and invited guests. About fifty were present. Her large parlor was beautifully decorated with palms, flowers and ferns. The most conspicuous was a picture of Miss Willard on a background of white, with a large bow of white ribbon above, while over all were her last words, "How beautiful it is to be with God." Around all were palm leaves. The decorations in the dining room were of roses and old fashioned red pinks by hundreds. Delicate wafers and "fruice" were served.

As this was all a memorial to Miss Willard, an appropriate program of music, papers, and addresses were given consisting of a sketch of her life by Mrs. Haney; a paper, "Our Uncrowned Queen," by Mrs. Futch; a recitation, "The White Ribbon", by Mrs. Turner; account of the unveiling of the Willard statue by Mrs. Doig, and a beautiful address by Miss E. M. Larzalere of Philadelphia. A free-will offering was given for her memorial fund.

### Board of Public Instruction.

At a meeting of the Board of Public Instruction held Monday, an order was made by the board requiring all bills against the board and for school purposes to be presented the day before the regular meeting of the board, which is held the first Tuesday in each month. This means that bills must be in the hands of Superintendent Kelley on Monday preceding such regular meetings. Dr. Kelley also requests The Sun to state that the accumulation of warrants is very annoying and inconvenient, and he would be glad to have persons to whom warrants are made payable to apply and receive same as soon after the meeting as possible.

Among other business, the board, by requisition of the Gainesville sub-school district, paid $2,000 indebtedness of the district. This money was the property of the sub-school district, but its disbursement is left with the school board.

The Jacksonville schools are having troubles of their own. One of the teachers has resigned and the board wants her to remain, except, perhaps, one member.

### Venus.

Venus is both a morning and evening star because she always accompanies the sun, never receding from him beyond certain limits, while the rest of the planets, with the exception of Mercury, are seen at all possible angular distances from the sun. When Venus is to the west of the sun she rises before him and is a morning star, but when she is to the east of the sun she rises after him and is an evening star.

### About Rheumatism.

There are few diseases that inflict more torture than rheumatism and there is probably no disease for which such a varied and useless lot of remedies have been suggested. To say that it can be cured is, therefore, a bold statement to make, but Chamberlain's Pain Balm, which enjoys an extensive sale, has met with great success in the treatment of this disease. One application of Pain Balm will relieve the pain, and hundreds of sufferers have testified to permanent cures by its use. Why suffer when Pain Balm affords such quick relief and costs but a trifle? For sale by all druggists.

### Fiction.

"What are you writing, Hawley?"

"A story. I'm going in for fiction."

"Really! For a magazine?"

"No, for my tailor. He wants his money, and I'm telling him I'll send him a check next week."

## SOFTNESS OF SEALSKIN.

**Is Rivaled by Human Hair Where Dandruff is Eradicated.**

Sealskin is admired the world over for its softness and glossiness; and yet the human hair is equally as soft and glossy when healthy; and the radical cause of all hair trouble is dandruff, which is caused by a pestiferous parasite that saps the vitality of the hair at its root. Newbro's Herpicide is the only preparation that is fatal to the dandruff germ. Without dandruff there is no falling hair, but a luxuriant growth of glossy, soft hair is certain. Scouring the scalp won't cure dandruff. Kill the dandruff germ. Thousands of women owe their beautiful suits of hair to Newbro's Herpicide. Sold by leading druggists. Send 10c. in stamps to The Herpicide Co., Detroit, Mich.

# MONEY WASTED? HEALTH GONE?

**After Doctors Have Acknowledged Their Failure, We Say G. F. P. Will Positively Cure — Your Money Back if It Doesn't.**

It's a pretty hard matter in these days to make a sick, despairing woman believe that there is really one remedy which will positively cure those diseases and weaknesses peculiar to the sex. She has probably "doctored" until the purse and patience are both exhausted—has tried first one reputed remedy after another—but always with the same result—failure—and if you are one of these, we address you in sympathetic confidence.

G F P (Gerstle's Female Panacea) is no new, untried preparation. It has stood the test of years and has cured thousands. In cases of prolapsus (falling of the womb), irregular, painful or suppressed periods, ovarian troubles, etc., it has no equal. You don't have to take our word for it, either—get a one-dollar bottle from your druggist—use it carefully as directed, then if you can conscientiously say you have not been benefited take the empty bottle back to the man who sold it to you, and he will instantly refund your dollar.

If your druggist cannot supply you send us one dollar direct, and we will send you a bottle express prepaid. If you feel that your case presents any peculiar features and that you need advice, write to the Ladies' Health Club, care of the Gerstle Medicine Co., Chattanooga, Tenn., and your letter will be answered and the very best advice freely given by experienced and sympathetic women.

### In Mayor's Court.

Joe Floyd was arraigned in the municipal court yesterday upon the charge of fighting, and was fined $10 and costs. The charge was preferred by William Archer, who stated that Floyd started the row. He stated that he went in to buy some chicken, that the attendant reported that the chicken had all been sold, that Floyd used abusive language and jumped on to him, which resulted in a row. Holley Williams, accused of being mixed up in the same row, was discharged, as there was no evidence against him.

### Three Methods of Derision.

There are very few allusions to storks in Latin authors, but one of these is interesting. The birds have a curious custom of snapping their bills, making quite a sharp noise. Young and old birds, both during and after the breeding season, constantly do this. In the writings of Persius there is a reference to this habit. "There are," he says, "three favorite ways of deriding a man—by putting the hands beside the head like asses' ears, by putting out the tongue like a dog and snapping the fingers against the palm of the hand like a stork's bill." The first two methods of mockery are plain, but what was the cause of the last?—Notes and Queries.

### The Snake's Tongue.

The snake's tongue proves to be a most remarkable organ. A student finds its chief function is connected with a sense of feeling without touch and may be a finer development of the sense that enables some people to avoid striking obstacles in the dark. The forked tip and the numerous folds behind it greatly increase the surface exposure. The cells of the epidermis are interlaced by a network of extremely fine nerve fibers, which center in a deep nerve plexus beneath the epidermis and extending out into the folds.

Cities, like civization, must expand, and you can't keep them back.

As the people of the country come to know Florida better they cannot help but speak in highest terms of its prospects. Its resources are not half developed, yet she can depend on them alone and never come to want.

If Castro would only run up into the Gulf of Mexico, catch the American fleet now at Pensacola and destroy it, he would have sweet revenge. There are only ten battleships, seven cruisers, seven torpedo boat destroyers and three monitors in the bunch.

April showers put in an appearance on Wednesday. Rain and sunshine alternated and the earth rejoiced. The dust was laid and the foliage about Gainesville looked brighter than ever. Some of the rose bushes about the city were literally filled with blossoms, and the visitors to our beautiful Southern home were seen to go into ecstacies over the prospect.

Editor Sam W Small of The Brunswick Journal, vouches for this remedy as a sure cure for smallpox: "Sulphate of zinc, one grain; foxglove (digitalis), one grain; half-teaspoonful of sugar. Mix thoroughly with two teaspoons of water and then add four ounces of water. Dose, teaspoonful every hour. Disease will disappear in twelve hours, as a rule." If a person is where a physician cannot be easily obtained the remedy might be given a trial.

The brilliant young Senator from Polk, Hon Park M. Trammell, chosen president of the Senate at Tallahassee by his colleagues, is one of the youngest members, being 29 years of age. His career as a public official began some years ago, when he was elected mayor of his home city of Lakeland, serving two terms, being elected a member of the House of Representatives in 1903. He has always been a worker, true to every trust reposed in him by the people, and an able and earnest debater, being always courteous in his manner toward all. His selection as president of the Senate is an evidence of his ability and popularity.

## SPEAKER OF THE HOUSE

When the members of the House of Representatives in caucus nominated Hon. Albert W. Gilchrist of De Soto as speaker of that august body, it was conceded by all that the selection was a wise one. His character as a business man and citizen has won for him the highest esteem of all, while his official career is that of an upright man in every sense. Fearless in his duty as he sees it, and his excellent judgment rarely leads him amiss, he is courteous, whole-souled and possesses those qualities of head and heart that go to make up great men—men who are needed today to do battle against the unscrupulous who are found in many high places. At the head of the lower house of our State solons, who are working for the best interests of their beloved State, we look for and expect nothing but an honest and just administration of his trust from Speaker Gilchrist.

## AS OTHERS SEE US.

The following is taken from the letter of J. H. Rodeheaver to The West Virginia Argus, published at Ringwood, W. Va. Mr. Rodeheaver spent the past winter in Gainesville and Orlando, and is a careful obvserver. He returned home only recently:

"Very few people have any adequate idea of Florida, either as to its resources or its healthfulness. I have spent the winter months principally in Marion, Orange and Alachua counties. I find the people hospitable, kind, sociable, industrious and economical. Alachua county has one of the finest court houses to be found anywhere, and the county is out of debt. The tax levy for county and State purposes, including schools and roads, is 20 mills, school term eight months, assessed valuation of property is one-third of its real value.

"Located near the center of the peninsula, in the latitude of the best climate to be found is Alachua county. The land is fertile, the county rich in resources, free from snow and severe cold, devoid of chilling blasts, and offering every inducement to those who seek health and happiness. The county is about 250 feet above the level of the sea. There are extensive pine forests, large deposits of phosphate, great turpentine farms and a productive sandy soil. Many clear water lakes are to be found, in which very fine fish can be easily caught. This county lies in the center of the sea islands cotton belt, and more of that valuable commodity is raised in this county than in any other section of the South, the number of bales being about 8,000 and valued at $640,000.

"The county seat is Gainesville, located on the Atlantic Coast Line, the Seaboard Air Line and Gainesville and Gulf Railroads, and near to Alachua Lake a large body of fresh water. The population is about 5,000, and the city is beautifully located and well laid out, shaded with magnificent large water oaks. There are many lovely homes, with lawns, shrubbery, and flowers beyond description. The streets are lighted up with electricity by an up-to-date plant. The city owns its waterworks, and is justly proud of her pure water. It comes gushing out from under a large rock at the base of a hill about two miles from the city, and is gathered into a large, well protected reservoir, from which the city is supplied. There is no large town in the United States that can furnish a superior drinking water than is found in Gainesville—it is soft, pleasant and pure. When we remember how important good water is to the health of a community, we feel that Gainesville has much in this respect to be proud of.

"Gainesville possesses a large and commodious tabernacle for the use of the National Bible Conference and the Florida Chautauqua. This building is very large, with a seating capacity of 2,000 or more. Here assembles each winter some of the best people of the country to be edified by a number of the most prominent teachers and preachers of all denominations from all parts of the United States. The Florida Chautauqua also holds its annual sessions in the building."

Archbishop Whately of Dublin once asked a young man how it happened that truth, although always sedulously sought after, is so rarely found. When the youth demurred giving his answer, Whately said: "I'll tell you why; it is because men always prefer getting truth on their side to being on the side of truth."

### A Wonderful Actor.

Winks—Talk about stage realism! You should see Strident in "Love and War." Jinks—He can't hold a candle to my friend Mosher. Why, sir, he played the heavy villain in "Woman's Wrong" so realistically that his wife sued for a separation the next week.

### Fish Pies In England.

In mediaeval England fish pies were a very favorite dish at Christmas time, and lamprey pies were regarded as a special luxury. The cost of such delicacies was very great. In 1314 the sheriff of Gloucester provided forty-four for the royal table at a cost of £12 5s. 8d., a sum nearly equivalent to £100 at the present day. Those taken from the Severn were especially noted, and it became an annual custom for the city of Gloucester to send a lamprey pie to the king. There is a record of such complimentary presents being sent to Cromwell and to Lenthall, the speaker of the long parliament. Owing to the municipal corporation act Gloucester's annual custom ceased in 1836, but in 1883 the mayor revived it and sent a pie to Queen Victoria at his own expense. His successors have followed his example.—London Mail.

### A Dare-Devil Ride

Often results in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Theodore Schuele of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25c at all druggists.

### Why the Party Was Arranged.

Mr. Green—Now, I'm going to tell you something, Ethel. Do you know that last night at our party your sister promised to marry me? I hope you'll forgive me for taking her away. Little Ethel—Forgive you, Mr. Green! Of course I will. Why, that was what the party was arranged for, you know.

### For a Weak Digestion.

No medicine can replace food but Chamberlain's Stomach and Liver Tablets will help you to digest your food. It is not the quantity of food taken that gives strength and vigor to the system, but the amount digested and assimilated. If troubled with a weak digestion, don't fail to give these tablets a trial. Thousands have been benefited by their use. They only cost a quarter. For sale by all druggists.

### Curious Paradox About Hands.

It is a curious paradox that, as a rule, the large handed man loves small things, details, exquisitely finished objects and is microscopic in his tendencies, while he whose hands are small delights in colossi of every sort, loving ostentation and display, immense houses, majestic estates and all else that is upon a great scale. His handwriting is large and perhaps full of flourishes, while that of the large handed man is small and precise.

### Simply a Lottery.

Dr. Phaker—Take this prescription. It will either kill or cure you. Patient—But suppose it kills me? Dr. Phaker—Nothing ventured, nothing gained. My motto is, "No cure, no pay," so I'm taking a chance as well as you.—Philadelphia Press.

### In Time of Trial.

Daughter looking up from her novel—Papa, in time of trial what do you suppose brings the most comfort to a man? Papa—An acquittal, I should think.

The soul of man is infinite in what it covets.—Ben Jonson.

### Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

Jonesville, April 5.—The social given by the Misses Hamilton at the home of their mother, Mrs. W. J. Hamilton, on last Friday night was quite a success. The evening was spent in playing games until about 10 o'clock, when all entered the dining room, where ice-cream, cake and lemonade were served. ### B. Y. P. U. OF FLORIDA.

In Session With the B. Y. P. U. of Mt. Moriah Baptist Church, Colored.

The session was opened at 10 a. m. Tuesday, with Rev. H. K. Hill in the chair. The devotions were conducted by Rev. L. W. Crivilier.

The excellent choir rendered several sweet selections.

The program prepared by the Executive Committe was adopted.

Next the names of the following persons were chosen to report the work of the meeting to the following papers:

Mrs M. E. Fowler, Messenger; Rev. W. D. Vann, Metropolis; Moses Crooms, The Florida Baptist.

Rev. C. T. Dorroh, The National Baptist Union; the writer, The Gainesville Sun.

At the conclusion of this, some sweet selections of music were chosen and sung by the choir and congregation.

At this point W. J. Johnson came forward and delivered a very royal welcome address in behalf of the church in which the B. Y. P. U. met.

The choir had a very sweet selection prepared which they sang very heartily.

After the music Rev. P. A. Callahan, D. D., accompanied by Rev. S. N. Vass, D. D., came to the rostrum and Rev. Callahan preached a very excellent sermon.

Rev. Vass offered prayer, and remarks were made by Rev. H. K. Hill.

A good collection was taken by Rev. D. P. Spas.

The meeting was dismissed for dinner.

### Afternoon Session.

At 2:45, prayer service was conducted by Mrs. Bell and Dea Boone, after which the names of the delegates were enrolled and a motion prevailed to elect the officers from the floor.

Those elected were as follows: President, Rev. H. K. Hill; vice-president, A. C. Williams; Prof. B. C. Seurry, assistant secretary; Mrs. A. W. Bell, treasurer; Rev. L. W. Lariviller, corresponding secretary; Miss M. E. Tweeting, recording secretary.

The officers were installed by Revs. C. H. Holley and W. A. Wilkerson, after which some important remarks were made and the meeting stood adjourned until 7:30 p. m.

R. H. Howard, reporter.

### If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

### Restless Nature.

Nothing in nature is absolutely permanent. Changes are going on slowly but steadily every moment, parts of the earth being elevated above the sea, parts sinking below it, the ocean wearing away the coast in one place and building it out in another, and so on to infinity.

The Daily Sun is a splendid advertising medium—quick results.

### KIRBY SMITH CHAPTER.

Daughters of the Confederacy Will Hold Important Meeting Today.

The regular monthly meeting of Kirby Smith Chapter, U. D. C., will be held at the house of the president, Mrs. J. N. Strobhar, this afternoon at 3 o'clock. A full attendance is earnestly desired, as there is important business to be transacted. Delegates to the State Convention, which will meet at Pensacola on May 3, must be elected at this meeting in order to send the names to the Pensacola chapter promptly. Kirby Smith wishes to send her full quota of delegates—four in number—besides the president, who has an independent vote at the State Convention, making the number of votes from Kirby Smith five.

A committee will also be appointed at the meeting this afternoon to arrange for a simple memorial service at the Confederate Monument on our Confederate Memorial day—26th of April—when the chapter hopes to have completed the stone coping around the monument. Mrs. J. F. McKinstry, Jr., will be chairman of this committee.

Kirby Smith Chapter will be honored to co-operate with the Confederate Veterans in any memorial services they may arrange. The United Daughters of the Confederacy was organized to protect and defend the memory of the Confederate soldier, and an harmonious and loving affiliation with the dear Veterans is as sacred as are the graves of the Dead.

"Gather the sacred dust of the warriors
tried and true,
Who bore the flag of a Nation's
trust
And fell in a cause, though lost but
just,
And died for me and you.

"We came not whence they came,
Dear in their lifeless clay;
Whether unknown or known to
fame
Their country still the same."

# You Must Sleep.

If you cannot, it is due to an irritated or congested state of the brain, which will soon develope into nervous prostration.

Nature demands sleep, and it is as important as food; it is a part of her building and sustaining process. This period of unconsciousness relaxes the mental and physical strain, and allows nature to restore exhausted vitality.

Dr. Miles' Nervine brings refreshing sleep, because it soothes the irritation and removes the congestion.

It is also a nerve builder; it nourishes and strengthens every nerve in your body, and creates energy in all the organs.

Nothing will give strength and vitality as surely and quickly as Dr. Miles' Nervine.

"During the past winter I had two attacks of LaGrippe which left me very weak, and in bad condition. I was so nervous I could not sleep. My wife, after trying different remedies, went for a doctor. The doctor was out, and a neighbor recommended Dr. Miles' Nervine, and she brought home a bottle. I had not slept for some time, and had terrible pains in my head. After taking a few doses of Nervine the pain was not so severe, and I slept. I am now taking the second bottle, and am very much improved."
HENRY M. SMITH, Underhill, Vt.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

### Texan Finds Pot of Gold.

Ft. Worth, Tex., April 5.—A special to The Record from Mt. Pleasant, Tex., says that T. A. Ledbetter has dug up a pot containing nearly $2,000 in gold coin, 20 miles north of here. The coin is all United States money except one or two pieces which were either Spanish or Mexican coin. Years ago an old Indian stated that some kind of a treasure had been buried near where Ledbetter made his find, and parties made a search for it at that time, but were unable to find anything and gave up the search. Several trees near the place had Indian marks on them. The money is in a good state of preservation.

## Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

## MRS. ACKLEY ENTERTAINS.

### Her North Gainesville Home Scene of Happiness and Gaiety.

A delightful afternoon tea party was given at the home of Mrs. Edgar Ackley, North Gainesville. There were assembled Miss I. E. Webster, Mrs. W. H. Palmer, Mrs. Graves, Mrs. M. Dorman, Mrs. Scoville, Miss Girard, Mrs. Robb, M. D., Miss McCracken, Mrs. J. D. Turner, Mrs. Wolf, Miss E. A. Larzelere.

It has scarcely been my privilege to be entertained in so artistic a manner, each little detail in its ingeniousness showing the hand of skill dictated by the soul of the artists. Mrs. Ackley, with her inimitable, gracious sweetness, assisted by her charming friend, Mrs. I. E. Webster, seemed to exhale the fragrance of their personality upon all, that each was so bright and witty, I could not point out the stars, but call it a galaxy. GUEST.

## THE NEWS FROM MELROSE.

### Postoffice is Prospering—Social Function in That Gay Town.

Melrose, April 5.—The Melrose postoffice did a rushing business during the past quarter, beating all previous records in the issue of money orders—viz: 342, and paying fifty-eight money orders. The registering of packages, etc., amounted to eighty pieces. The amount of general mail handled was also larger than any previous year.

Rev. S. F. Lawlor of Jasper was the guest of Mr. and Mrs. Kunella at the Huffman House during the past week. His many friends were much pleased to see him again.

The Ladies' Aid Society reports a financial result of $15 from the recent pie supper.

P. M. Tolles had a very large cabbage palmetto planted on Bellamy Avenue fronting his house. It will be quite an addition to the town.

The next meeting of the Ladies' Literary Society will be on April 7th, the title of the paper to be read by Mrs. Paxton being, "High Individual Character is the Glory of a nation."

Mrs. E. M. King entertained a large number of her friends at progressive six-handed euchre on Thursday evening. The lucky winners of the prizes were Mrs. W. A. Vogelbach, H. B. Tolles, Mrs. J. A. Remmel and Miss Elsie Schneller. After enjoying a delicious supper the party adjourned at a very late hour.

Mrs. W. A. Vogelbach gave a progressive euchre party on Friday afternoon, six tables being filled. The prize winners were Mrs. H. W. Hamlyn, Mrs. J. W. Johnson, Mrs. W. Darlington and Mrs. S. Billam. Strawberry ice and cakes were the refreshments served at the close of the games.

Mrs. P. J. Darlington and Mrs. E. J Whitehead were among those entertaining friends at dinner.

The fine weather is the cause of many picnics, the public park at Earleton being a favorite spot on account of its pretty surroundings. Miss Marion Robinson gave a picnic there on Saturday in honor of her friends, the Misses Clara Corbett and Nannie Bevell of Gainesville. All report having had a most pleasant time.

The members of the Melrose Reading Club and friends had a picnic on Monday at the same place, which also was a very enjoyable affair, the steamer Alert having been chartered for the occasion.

T. B. Ellis, Jr., of Gainesville was in town on Saturday on legal business with the justice's court of District 14.

Rev. C. D. Frankel held two services at the Episcopal church on Sunday, which were very well attended. At an election for delegates to the diocesan convention next month H. von Noszky and S. Sutton were elected.

**Logical Reasoning.**

The law imposing a tax on bachelors had gone into effect.

One morning a little baldheaded man appeared before the tax commissioners.

"I've just married my fourth wife," he said. "I'm entitled to a bounty, ain't I?"—Chicago Tribune.

## READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,
W. C. Daniel.

## A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 629, St. Louis, Mo. Send for testimonials. Sold by all druggists.

E. R. McRae of Palatka has accepted a position as operator in the dispatcher's office of the Atlantic Coast Line. Mr. McRae is regarded as one of the most competent operators in the employ of the system.

Mrs. George Evans departed yesterday for Tampa, where she was summoned on account of the illness of her mother, Mrs. W. T. Gibson. It is hoped she found the condition of the patient improved.

Officer Chas. Warren has just returned from Jacksonville, where he went a few days ago to have an operation performed upon his throat. The operation was performed by Dr. Andrade, a specialist, and friends of Mr. Warren will be gratified to learn that his condition is greatly improved.

Dr. and Mrs. Clyde L. Carter arrived Tuesday night via the Gainesville and Gulf from Atlanta, where they were married Sunday, mention of which has already been made in The Sun. They were met at Sampson City by Hon. and Mrs. Syd L. Carter, parents of the groom, and several friends, who gave them a royal reception. Dr. Carter, it will be remembered, has just graduated from the Atlanta Medical College, and was doubly blessed by receiving a wife and a diploma within two days. Friends here extend congratulations.

C. H. Dunster of New York, special representative of Foley & Company, Chicago, manufacturers of Foley's Honey of Tar, who has been in this city for the past month with his wife and baby, expects to return to their home today. Mr. Dunster made The Sun an agreeable parting call yesterday. He states that he came for the baby's health, and that the little one has greatly improved. Both himself and wife are well pleased with Gainesville, and declare it is one of the cleanest, healthiest cities they have ever visited.

### Cattlemen Cancelling Contracts.

Ft. Worth, Tex., April 5.—A special to The Record from Oklahoma City says when Warren Bennett, United States deputy marshal for Osage Indian nation, announces many cattlemen will cancel their contracts with the government for grazing leases in the Osage country in view of the fact that the dipping of cattle is so precarious an operation. He says a large herd of cattle brought from Texas was damaged greatly by the diping and the trip afterward to the Osage nation. A recent order of the bureau of animal industry makes the dipping of cattle going into the Osage country compulsory.

### Mob Foiled by Officer.

Memphis, Tenn., April 5.—A special to the News-Scimitar from Fulton, Ky., says that a mob twice attempted to force the jail here last night in an effort to lynch three negroes who are charged with shoting officer Eaker. Mayor Wall, members of the city council and prominent citizens, defended the prisoners and defeated the mob. The negroes will be taken to Hickman for safe-keeping. The report has been circulated that they were lynched but this was a mistake.

## HON. PARK TRAMMELL WILL BE PRESIDENT

### Caucus at Tallahassee So Declared At Meeting Last Night.

### SENATOR WEST IS HONORED

**Withdrew in Favor of Trammell and Was Made President Pro Tem—General Gilchrist of DeSoto Nominated for Speaker—McCreary for Page.**

Special to The Daily Sun:

Tallahassee, April 3.—There was a great feeling of harmony in the Senate this evening, with the result that Senator West, realizing the strength of his opponent for the presidency of the Senate, withdrew, and in the caucus tonight Hon. Park Trammell of Polk was nominated by acclamation, while Senator West was elected in the same manner president pro tem.

Gen. Albert W. Gilchrist of DeSoto was unanimously chosen for Speaker of the House. H. Walker defeated Bevis by one vote for reading clerk.

Master Elmer McCreary, candidate for page in Senate, won easily, receiving twenty-two votes.

**Senator Brown.**

Hon. C. M. Brown of Marion and Sumter is on hand and will doubtless participate in the caucus tonight, and the chances seem favorable for the retention of his seat, although there may be changes to occur tomorrow that will lead to a different termination.

### B. Y. P. U. OF FLORIDA.

**In Session With the B. Y. P. U. of Mt. Moriah Baptist Church, Colored.**

The session was opened at 10 a. m. Tuesday, with Rev. H. K. Hill in the chair. The devotions were conducted by Rev. L. W. Crivilier.

The excellent choir rendered several sweet selections.

The program prepared by the Executive Committe was adopted.

Next the names of the following persons were chosen to report the work of the meeting to the following papers:

Mrs. M. E. Fowler, Messenger; Rev. W. D. Vann, Metropolis; Moses Crooms, The Florida Baptist.

Rev. C. T. Dorroh, The National Baptist Union; the writer, The Gainesville Sun.

At the conclusion of this, some sweet selections of music were chosen and sung by the choir and congregation.

At this point W. J. Johnson came forward and delivered a very royal welcome address in behalf of the church in which the B. Y. P. U. met.

The choir had a very sweet selection prepared which they sang very heartily.

After the music Rev. P. A. Callahan, D. D., accompanied by Rev. S. N. Vass, D. D., came to the rostrum and Rev. Callahan preached a very excellent sermon.

Rev. Vass offered prayer, and remarks were made by Rev. H. K. Hill.

A good collection was taken by Rev. D. P. Spas.

The meeting was dismissed for dinner.

**Afternoon Session.**

At 2:45, prayer service was conducted by Mrs. Bell and Dea Boone, after which the names of the delegates were enrolled and a motion prevailed to elect the officers from the floor.

Those elected were as follows: President, Rev. H. K. Hill; vice-president, A. C. Williams; Prof. B. C. Scurry, assistant secretary; Mrs. A. W. Bell, treasurer; Rev. L. W. Lariviller, corresponding secretary; Miss M. E. Tweeting, recording secretary.

The officers were installed by Revs. C. H. Holley and W. A. Wilkerson, after which some important remarks were made and the meeting stood adjourned until 7:30 p. m.

R. H. Howard, reporter.

### TWO KILLED; THREE INJURED.

**Fast Passenger Train Collides With Freight on Main Line.**

Cleveland, O., April 5.—A fast east bound passenger train on the river division of the Cleveland and Pittsburg road, known as the Pittsburg Flyer collided with a west-bound freight at Coltonia, O., today, resulting in the death of two men, while three others were injured. The dead:

Edward Tuller, engineer of passenger train.

H. C. Eming, fireman of passenger train.

The injured:

T. C. McIntyre, Pittsburg, passenger, badly hurt; J. N. Brown, of Steubenville, O.; G. J. Tichenor, of Pittsburg, passenger, slightly.

The acident was caused by the freight train over running a siding in going on to the main track, where it was struck by the passenger, which was moving at a high rate of speed.

The members of the freight crew escaped injury by jumping.

### NO EVIDENCE OF POISONING.

**Death of Mrs. Larned Investigated by Coroner of New York.**

New York, April 5.—A coroner's physician who performed an autopsy on the body of Mrs. Ruby Larned the young wife of William L. Larned the illustrator, has reported that he could find no trace of poison. The young woman died Sunday night in a mysterious sleep supposed to have been induced by poison she had drank in a glass of claret. Larned and a servant were paroled in custody pending the result of the autopsy.

The coroner at once discharged Mr Larned and the servant from custody but held them as witnesses for an inquest tomorrow. He said the autopsy revealed no trace of poison, but that a chemical analysis might discover traces of non-corrosive poison ing in the stomach.

**Storm Raging in Colorado.**

Denver, Colo., April 5.—After a lull of several hours it has begun raining and snowing along the eastern slope of the mountains and the storm is again in full sway. Trains are delayed and other traffic interrupted but no serious damage is reported from slides or washouts. In the Cripple Creek district the storm has raged constantly for three days. The short line train which became snow-bound Saturday evening, has arrived here with its 70 passengers. It required four large engines to buck the snow which in some places is over 5 feet deep.

**Indianains Visiting Florida.**

## GOV. BROWARD'S MESSAGE READ

### Senate and House Organized and Adjourned Until Tomorrow.

### AN ABLE STATE DOCUMENT

**C. M. Brown Occupied His Seat in the Senate—A Protest Was Entered by Senator-Elect Baskin—Action Not Yet Taken in the Matter.**

Special to The Daily Sun.

Tallahassee, Fla., April 4.—The Senate and House of Representatives met and organized this morning, after which an adjournment was taken until tomorrow afternoon.

Hon. C. M. Brown occupied his seat in the Senate. A protest was filed by Senator-elect Baskin, but as yet no action was taken.

**Governor's Message.**

The message of His Excellency Napoleon B. Broward, Governor of Florida, to the Legislature of 1905, began by this congratulation: "Never in the history of our State were all of its material conditions more encouraging. Blessed with a salubrious climate and cheerful surroundings, our people enjoy excellent health. Stimulated by an honorable ambition to progress, and encouraged by the fruitful results of labor intelligently and industrially directed, remarkable strides have been made in developing the almost limitless resources of the State and in improvements of former conditions. Our seaport facilities, our pine forests, our phosphate deposits, our fish and oyster supplies, our farm and pasture lands, our fruit groves, our vegetable farms, our tobacco plantations, our excellent schools, our low rate of State taxation, our transportation facilities and public accommodations and the general high standing of our people and the bright outlook for the future, are attracting to the State a large and desirable class of immigrants. * * * * * If the spirit of our fundamental principles of government is observed and rigidly enforced, Florida with her vast area of fertile land and balmy climate, and her boundless resources yet undeveloped, will in time become one of the foremost States in the Union."

A most notable feature of the message of the Governor, which by the way, contains about 15,000 words, is the omission of any mention whatever of the great land, Everglade and drainage plans, which cut so important a figure in the Governor's successful campaign. It is however believed this omission was intentional, and that the questions involved will form the text later on for a special message in which they will be exclusively discussed.

On the Franchise tax question the Governor was very short, but to the point, saying: "Immensely valuable franchises and special privileges granted by the State and protected by the law are unjustly allowed to avoid contributing to the expense of maintaining the government under which those holding them prosper and accumulate wealth. Every encouragement should be extended to enterprise and capital to assist in developing the vast resources of our State, according to every one the equal protection of the law and requiring of all an equitable contribution to the expenses of government, honestly, fairly and economically administered."

In this connection the Governor strongly recommends a State Board of Equalization, and also recommends the enactment of such legislation "as will extend the license tax to cover those profitable businesses not now contributing a proper share towards the expenses of the government which affords them protection."

The excellent financial condition of the State is reviewed, but the strictest economy in appropriations and expenditures is urged. A very large portion of the message was devoted to educational affairs—nearly one-fourth of the entire document in fact. The vote of and amount of taxation and other sources of revenue for educational purposes, was analyzed and both the "institutions of higher learning" and the common schools, especially the latter, received their full share of attention. The "formulating and copying of the school laws into a uniform system, embracing the whole scheme of our public education," is recommended, as also the passage of laws providing for the adoption of a uniform system of text books. This latter recommodation is practically directly in line with the bill introduced by Senator McCreary the last session (1903), and which received such favorable mention throughout the press, being referred back from the committee, however, too late for its full consideration.

The State charitable institutions, the insane asylum, State reform school and the hire of convicts were discussed, and important extracts from the new convict lease are quoted. One clause of this lease provides that the new lessees must purchase the present hospital farm and equipment near Ocala, if required to do so by the commissioner of agriculture.

Under the head of "Pensions," it is recommended: First, That county commissioners exercise a more careful examination of applicants' rights. Second, That the applicant should have a speedier hearing. "The pension roll of the State," says the Governor, "has increased from 1,675 in 1902, to nearly 3,000 in 1904, and there are numerous new ones now on file." No action on these can be taken, because the fund raised by the two-mill tax has been exhausted. The Governor shows that under a conservative estimate a four-mill levy will be necessary for the pension fund.

The Railroad Commission is most strongly endorsed, and it is recommended that a constitutional amendment be submitted to the people making the Railroad Commission a constitutional branch of the State government.

Several amendments to the present primary election law are urged, one being that candidates file "a sworn itemized statement of all expenses incurred by him * * * and to state therein the source of all contribution to his campaign fund * * *" Other amendments recommended are the penalties for miscounting votes, bribery or intimidation, and says the Governor: "I further recommend that any person accepting a bribe be exempt from punishment, who will inform or testify against the person or persons who bribe or intimidate him in any way."

Under the head of Life Insurance the Governor recommends "that the Legislature enact such measures as will be necessary to establish a life insurance business by the State," giving the following figures to support his position: Losses in Florida by all companies in Florida for the past twelve years, ending December 31, 1904, $3,130,211.23. Receipts in Florida for same period, $10,165,676.94.

Attention is called to the fact that under the constitution a State census by counties must be taken this year.

Among other matters urged is an assistant to the State Auditor, the prohibition of shooting tame pigeons for sport, the prohibition of the sale of liquor to Seminole Indians, and fish and oyster protection.

Senator McCreary and Representatives Tillman and Roseborough are all here and already busy looking after the interests of their constituents.

## RUSSIA PREPARING TO CONTINUE WAR

### Czar Nicholas Show No Sign Of Ending Struggle.

### 75 ARE KILLED BY EXPLOSION

**German Prince Visits Russia and Causes a Sensation—140,000 Fresh Troops Leave for the Far East—Little News from Seat of Trouble.**

St. Petersburg, April 5.—War Minister Sakharoff today declared that the reports of Russia countermanding orders for war material abroad are baseless and grow out of the declination of the foreign offers with which the war office and the admiralty have been swamped. He insists that there has been no relaxation in the preparations to continue the war, but says there will be no new mobilization at present, explaining, as stated in these dispatches, that 140,000 troops of the last mobilization have already started for the front and that instead of mobilizing troops these will be followed by a portion of this year's conscription.

**Seventy-Five Killed in Explosion.**

### MINISTER McCORMICK IN PARIS.

**Former American Ambassador at St. Petersburg Assume New Post.**

New York, April 5.—Robert McCormick, newly appointed American ambassador to France, has arived in Paris from St. Petersburg, says he is surprised at the reports that there was a desire to conclude peace at any price manifested in official circles, cables the Paris correspondent of The Herald. According to Ambassador McCormick, no such desire exists in St. Petersburg. On the contrary in official circles there is, he said, a general desire to continue the war to the bitter end, and there are great hopes that Admiral Rojestvensky will meet the Japanese fleet and gain a victory which may in one day change the entire aspect of the war. All the hopes of Russia are now centered in that fleet, and a battle between that fleet and the Japanese squadron is looked for soon.

**Violent Earthquake in India.**

Many houses in the native quarters collapsed.

# LAY CORNER STONE

**Impressive Ceremonies Scheduled for This Afternoon.**

BISHOP WEED TO OFFICIATE

The Ceremonies Will Be Held Under His Direction — Sabbath - School Teachers and Scholars Will Assist—Several Ministers Expected.

The impressive services of laying the corner-stone of the elegant new Holy Trinity Episcopal church building will be held this afternoon at 4:30 o'clock, and it is needless to add that it will be a ceremony well attended, and one which will live long in the memory of the congregation and those who witness it.

The Rt. Rev. Bishop E. G. Weed of the Diocese of Florida, with headquarters in Jacksonville, will officiate, making the principal talk. Bishop Weed is an eloquent and pleasing speaker, and there is no doubt but that the impressive ritual of the Episcopal church, specially designed for occasions of this kind, will be carried out in a manner which will prove interesting to all who hear it.

The congregation will be joined by the Sunday-school of Holy Trinity, which will affiliate in the ceremonies. The program will comprise reading, recitations, etc., in addition to the address of Bishop Weed.

Seventeen ministers within easy access of Gainsville have been extended invitations to be present, and Rev. Francis H. Craighill expects a number of them to respond. It is quite certain that a number will be here, which will make the ceremonies all the more impressive.

The new Holy Trinity church will be when completed one of the handsomest edifices in the State. The building, which is located at the corner of East Main and East Masonic streets, will be constructed of the patent McCarrell stone, an imitation of granite and said to be equally as durable. The church will have a seating capacity of about 300, and will be a modern up-to-date building in every way, and one of which the congregation and city may well feel proud.

Holy Trinity Sunday-School.

The teachers and scholars of the above school are urgently requested to assemble at the church on Tuesday afternoon at 4 o'clock promptly, to take part in the ceremony of laying the corner-stone of the new church.

# TRUCKING MOVEMENT IS VERY HEAVY

**Nine Carloads of Lectuce Moved from this Section Monday.**

FIRST SHIPMENT OF CUKES

They Were Consigned from Bushnell by Winston & Lewis to New York Markets, and Will No Doubt Bring Fine Prices—Other Movements.

The movement of vegetables from the line of the Gainesville and Gulf railway, which traverses one of the most fertile sections of Florida, has begun in earnest, and many carloads each week for the next few months will be moved.

The Gainesville and Gulf Monday handled six solid carloads of diversified products from the section south of Gainesville, all of which were transferred to the Seaboard Air Line at this point, being consigned to Eastern markets. While the consignments were diversified, the bulk of the shipments were peas, beans and lettuce. Cucumbers are just coming to maturity, and will be ready for shipment within the next week.

The first shipment of cucumbers to leave the State was from Bushnell Monday, and were consigned by Winston & Lewis, extensive truckers, to J. & G. Lipman, commission merchants, New York, for whom W. F. Buchanan is the representative in this section. The cukes were fine, fully matured and handsome, and will no doubt bring fine prices, since they will be virtually the first in the Northern markets.

Mr. Buchanan, who has just returned from the Ocala section, states that Easterling Bros., the extensive melon planters of Martin, have a stand of one hundred acres of cantaloupes in full bloom, and will probably be the earliest shippers in the State. This firm expects to make the first shipment May 20. Mr. Buchanan thinks they have calculated a little early, but believes they will be enabled to ship by May 25. This will be several days in advance of previous records, and if the melons are shipped into the market at that time, and are fully matured and ripe, they will bring good prices.

The movement of lettuce from this section is heavy at this season. The aggregate shipments yesterday comprised nine cars. The majority of the product went to Eastern markets.

# JOHNSON DIED BY MURDERER'S BULLET

**Fatal Ending of Church Festival Which Cost Man His Life.**

FELL OUT WITH WOMAN

Alex Johnson Had Misunderstanding With Sister of LeRoy Jones, When Brother Resented—Friends Interferred, but Johnson Was Later Killed.

Information has reached this city of a killing at a colored church festival in the St. Joseph neighborhood, near Archer, in which Alex Johnson lost his life, having been shot in the back of the head by LeRoy Jones.

From the particulars which could be learned, it appears that Jones and a sister of Johnson, both of whom were attending the festival, had a quarrel, when Jones used some abusive language towards her, it is said cursing her. Naturally Johnson, who was also present, resented the insult to his sister, and he and Jones began to fight. They were separated by friends, however, and it was thought that all was over, when it is said that Jones secured a pistol, and at a late hour, as Johnson was leaving the place, fired at him, the ball taking effect in the back of the head. Death was instantaneous.

There was a large crowd at the festival, and things went smoothly until this fight and subsequent tragedy occurred, which resulted in a general scene of animation and excitement.

Jones, who did the killing, is a resident of Long Pond, this county. He has always been regarded as a peaceable, law-abiding man, and those who knew him were surprised at his action. He made his escape, and up to this time has not been captured.

# CORNER STONE LAID AT HOLY TRINITY

**Services Tuesday Afternoon Well Attended and Impressive.**

**WERE ADDRESSED BY DR. WEED**

**There Was a Large Crowd Present, Those in Attendance Being Treated to an Impressive Program—Congregation and Sunday School Present.**

The laying of the corner-stone of the new Holy Trinity church of this city took place at 4:40 Tuesday afternoon, and there was a large attendance of members and friends of the society to witness the ceremonies.

At the hour appointed the procession formed at the old church and proceeded to the new edifice, headed by Rev. C. D. Frankel, followed by Bishop Weed and Rector Craighill, the choir immediately following. As they reached the grounds Psalm cxxii was repeated, and the regular corner-stone ceremonies were performed, the stone bearing the words "Holy Trinity, 1905," also a cross.

After a short prayer the list of deposits contained in the stone was read as follows:

History of the Parish by Miss Margaret Tebeau.

A list of the vestry committee and parochial organization.

List of contributors to building fund.

Current copies of The Daily Sun and Weekly Star.

Copy of the service used in laying corner-stone.

Journal of the last Diocesan convention.

Photographs of interior and exterior of the old church.

Catalogue of East Florida Seminary.

Ancient coin found in a Florida phosphate mine, contributed by Dr. B. P. Richards.

Pressed flowers from the Holy Land, contributed by Mrs. J. N. Strobhar.

Confederate bill and lines upon the same, contributed by Mrs. N. D. Phillips.

Photograph of Rev. B. F. Matran, D. D, who initiated the movement for the new church.

After the box had been laid in its place, the choir sang hymn 293, "Oh Thou, in whom alone is found," etc., after which Bishop Weed delivered a very interesting dedicatory address, which was followed by another hymn and an offertory.

The clergy and officers walked around the walls and the service was closed with a hymn and the benediction

The pastors of the other churches in the city were present and the service was impressive throughout.

### Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. H. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but I took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I find they have no equal." All druggists guarantee them at 50c.

### Dr. Goldstein Will Return.

A letter from Dr. G. Goldstein, dated Ocala, April 4, bears the information that the Doctor will reach here on the afternoon of the 6th, and may be found at the Brown House for three or four days.

The Doctor is partial to Gainesville, because he says it is the best town and the best people in the State. He did not intend returning this year, having been twice here already, but declares he could not resist the temptation to "drop by" for a short time.

It will be remembered that the Doctor recently bought a city lot here. He may decide to build an elegant home and make Gainesville his Florida headquarters.

## SABBATH SCHOOL PROGRAM.

**Twenty-Second Anniversary of LaCrosse Sunday School.**

The twenty-second anniversary of the founding of the LaCrosse Baptist Sunday school was held in the little church at LaCrosse Sunday afternoon, and was largely attended from every section in that vicinity, many of whom have been regular attendants for many years.

The meeting was presided over by Captain H. C. Parker, superintendent and founder of the school, and who has not missed a dozen meetings of the school in the twenty-two years it has been in existence. The school is a great pride of the Captain, as well it should be, for it has proved a great success and a great blessing.

The program comprised some interesting literary and vocal numbers, among which were addresses by Rev. L. D. Geiger of Apopka, Dr. J. L. Kelley and Prof. Geo. M. Lynch of this city, and Prof. J. C. Adkins of Stroble. The afternoon was passed in a most pleasing and interesting manner by the large crowd present. One of the principal features of the program was the choir, which was about forty strong and rendered some excellent vocal music.

Captain Parker makes it a practice to hold each year an anniversary service, and this was one of the most successful in the history of the school.

Where a dollar's worth of fruit was consumed ten years ago, ten dollars' worth is wanted now. Unless all signs fail, one hundred dollars' worth will be required ten years from now.

These interests are situated in the counties of Marion, Citrus and Hernando, and the lands are said to be very rich in phosphate deposits.

### The Sign of Equality.

Mathematical readers will be interested in the following quotations from Robert Recorde, who introduced the sign of equality into algebra. Recorde was the first English author who wrote on the subject of algebra. In his treatise called "Whetstone of Witte," published about 1557, he says: "To avoide the tediouse repetition of these words, is equalle to, I will sette, as I doe often in worke use, a paire of parallel lines of one lengthe, thus: =, because no 2 thynges can be more equalle."

### Professional Threats.

"Look at me!" exclaimed the leading lawyer warmly. "I never took a drop of medicine in my life, and I'm as strong as any two of your patients put together."

"Well, that's nothing," retorted the physician. "I never went to law in my life, and I'm as rich as any two dozen of your clients put together."

If a person is where a physician cannot be easily obtained the remedy might be given a trial.

## GOOD ROADS.

In driving east from Gainesville one will appreciate the good roads to be found for some distance, and then when the sand is encountered, it will seem as though there is reason for all the talk on this subject that has been heard. It would seem that the State would be justified in taking up the matter.

Good roads are as essential to the welfare of any community as is the health of the people or their industrial and commercial activity. Without good highways the development of these latter factors of prosperity would be hampered, if, indeed, not rendered impossible. Electric railways are playing an important part in transporting commodities from the rural districts to distant markets, but we have not reached that stage where the old methods are to be wholly discarded, nor is it probable the time will ever come when they can be universally dispensed with. The horse will always have his place, and must be reckoned with. The advent of the automobile has increased the demand for good roads, and made the improvement of the highways, even at the expense of the entire State, imperative. The easy-going methods of a generation or more ago have no place in the conduct of affairs today. Everything is sacrificed in an effort to accomplish the greatest results with the slightest outlay, and it is this that commends the good roads movement.

The interests involved in good roads are of great magnitude, and the results attaining from them would be far-reaching. The question should command a careful consideration of all the people.

## NEWNAN'S LAKE.

While the southern portion of the State is singing praises of the lovely lakes and rivers that there abound, not a word is mentioned of beautiful Newnan's Lake, five miles east of Gainesville, and no words can do it justice, for it is a spot that could be made the most charming in the country. All along its shores are high banks covered with shade trees of nearly every variety found in Florida, including grand magnolias, palmettoes, oaks and gum trees, and in many places beautiful cedars. The woods in many places are very tropical, and a more romantic spot would be hard to find.

The lake is about six miles wide and twelve miles long, and its waters are as clear as any to be found in the State. It is a wonder to the stranger who visits this delightful lake that there is no trolley line from Gainesville to this fascinating spot, or at least a good carriage road.

## FLORIDA LEGISLATURE.

Under the above heading The St. Augustine Record has the following sensible article:

"It seems to be a custom among many to speak slightingly of the State's legislators and the duties they have to perform. Such a thing is to be regretted, since the effect cannot but be harmful to the rising generation who are already taking a keen interest in everything that pertains to the welfare of one of the greatest States in the Union.

"The coming session will be of great importance, since many weighty matters are to be brought up for final action. The election of a United States Senator will be only a matter of form, since the choice of Hon. Jas. P. Taliaferro was made by primary.

"A very important item will be that relating to educational matters. There is nothing of more vital interest and under the new regime it will be given every consideration.

"Of course the Everglades will come in for considerable attention, since Governor Broward has made special investigation of conditions and is an earnest advocate of the drainage scheme, whereby it is proposed to redeem from waste thousands of acres of rich farming lands."

The people who make such remarks often do it unwittingly, and take the habit from the numerous items that appear in the papers regarding the actions of our State as well as national lawmakers.

## INTERSTATE COMMERCE.

While President Roosevelt has started in to reorganize the Panama Canal Commission, the time is coming when it will be necessary for him to reorganize the Interstate Commerce Commission. It may not be advisable to do that before the passage of some bill providing for an increase in the membership and powers of the commission as a preliminary to more effective rate regulation.

In discussing this question The Wall Street Journal of New York says that Interstate Commerce Commission, as at present constituted, does not commend the measure of confidence which is essential if it is to be put in possession of power to regulate railway rates. There are men of ability and character on the Interstate Commerce Commission, and we would not speak with depreciation of anyone of them personally, but as a body they do not possess that distiction which should belong to a commission in which is to be placed such great authority over the greatest single business interest in the country. One of the first essentials of Federal regulation of rates is a rate regulating commission of the highest standard, and one of the first things which President Roosevelt will have to attend to in case the next Congress passes a rate law will be to reorganize the Interstate Commerce Commission.

## SPEAKER OF THE HOUSE.

When the members of the House of Representatives in caucus nominated Hon. Albert W. Gilchrist of De Soto as speaker of that august body, it was conceded by all that the selection was a wise one. His character as a business man and citizen has won for him the highest esteem of all, while his official career is that of an upright man in every sense. Fearless in his duty as he sees it, and his excellent judgment rarely leads him amiss, he is courteous, whole-souled and possesses those qualities of head and heart that go to make up great men—men who are needed today to do battle against the unscrupulous who are found in many high places. At the head of the lower house of our State solons, who are working for the best interests of their beloved State, we look for and expect nothing but an honest and just administration of his trust from Speaker Gilchrist.

The brilliant young Senator from Polk, Hon. Park M. Trammell, chosen president of the Senate at Tallahassee by his colleagues, is one of the youngest members, being 29 years of age. His career as a public official began some years ago, when he was elected mayor of his home city of Lakeland, serving two terms, being elected a member of the House of Representatives in 1903. He has always been a worker, true to every trust reposed in him by the people, and an able and earnest debater, being always courteous in his manner toward all. His selection as president of the Senate is an evidence of his ability and popularity.

## OPERATION AVOIDED

### EXPERIENCE OF MISS MERKLEY

**She Was Told That an Operation Was Inevitable. How She Escaped It**

When a physician tells a woman suffering with ovarian or womb trouble that an operation is necessary, the very thought of the knife and the operating table strikes terror to her heart, and our hospitals are full of women coming for ovarian or womb operations.

Miss Margret Merkley

There are cases where an operation is the only resource, but when one considers the great number of cases of ovarian and womb trouble cured by Lydia E. Pinkham's Vegetable Compound after physicians have advised operations, no woman should submit to one without first trying the Vegetable Compound and writing Mrs. Pinkham, Lynn, Mass., for advice, which is free.

Miss Margret Merkley of 275 Third Street, Milwaukee, Wis., writes:

Dear Mrs. Pinkham:—

"Loss of strength, extreme nervousness shooting pains through the pelvic organs, bearing down pains and cramps compelled me to seek medical advice. The doctor, after making an examination, said I had ovarian trouble and ulceration and advised an operation on me. To this I strongly objected and decided to try Lydia E. Pinkham's Vegetable Compound first. The ulceration quickly healed, all bad symptoms disappeared and I am now more strong, vigorous and well."

Ovarian and womb troubles are steadily on the increase among women. If the months are too frequent or too frequently periods are very painful, have pain on left side, bearing down pains, excessive—if you have leucorrhœa, don't neglect yourself: try Lydia E. Pinkham's Vegetable Compound.

### Time Not Far When Gainesville and Ocala May Visit.

### WILL TRAVEL BY AUTOMOBILE

**E. C. Smith and J. H. Spencer Arrived Wednesday, Having Made the Trip by Automobile From Ocala in a Little More Than Four Hours.**

E. C. Smith and J. H. Spencer of Ocala are in the city. The former is a member of the Ocala Furniture Company, and is associated with Mr. Spencer under the firm name of Smith & Spencer, dealers in automobiles and gas and gasoline engines. They came from Ocala on one of their Glide touring cars, making the time from Ocala to Micanopy, partly over a sandy road, in a few moments over three hours. The time from Micanopy to Gainesville, by way of Tacoma, Wacahoota and Arredondo, was made in good time.

The machine is fourteen horsepower, and is one of the best manufactured. It created a great deal of interest among the curious here.

Messrs. Smith and Spencer have come for the purpose of introducing their machine, and will remain here for two or three days. They expect to make an inspection of the newly constructed roads in this vicinity today.

"I note with a great deal of interest that Alachua county people have the good roads fever," remarked Mr. Smith. "It's the best thing in the world for the advancement af a community, as has been demonstrated in Marion. I hope the time will come—and I believe it will, and not very far distant—when Ocala and Gainesville will be more closely bound as neighbors, when our Ocala and Gainesville friends may visit each other frequently. When the roads are in proper condition it will be an easy matter for your people to breakfast at home, eat dinner with their Ocala friends, spend a pleasant day and return in plenty of time for supper. This is bound to be accomplished by an automobile trip over properly constructed roads, and it will not be many years before you will see it."

## A DELIGHTFUL OCCASION.

### W. C. T. U. and Friends Entertained At the Home of Mrs. Turner.

The W. C. T. U. of Gainesville is noted for doing things. The latest was a reception given by Mrs. Turner at her home in North Gainesville to the members of the unions and invited guests. About fifty were present. Her large parlor was beautifully decorated with palms, flowers and ferns. The most conspicuous was a picture of Miss Willard on a background of white, with a large bow of white ribbon above, while over all were her last words, "How beautiful it is to be with God." Around all were palm leaves. The decorations in the dining room were of roses and old fashioned red pinks by hundreds. Delicate wafers and "fruice" were served.

As this was all a memorial to Miss Willard, an appropriate program of music, papers, and addresses were given consisting of a sketch of her life by Mrs. Haney; a paper, "Our Uncrowned Queen," by Mrs. Futch; a recitation, "The White Ribbon", by Mrs. Turner; account of the unveiling of the Willard statue by Mrs. Doig, and a beautiful address by Miss E. M. Larzalere of Philadelphia. A free-will offering was given for her memorial fund.

### In Mayor's Court.

Joe Floyd was arraigned in the municipal court yesterday upon the charge of fighting, and was fined $10 and costs. The charge was preferred by William Archer, who stated that Floyd started the row. He stated that he went in to buy some chicken, that the attendant reported that the chicken had all been sold, that Floyd used abusive language and jumped on to him, which resulted in a row. Holley Williams, accused of being mixed up in the same row, was discharged, as there was no evidence against him.

### Democrats Win in Montana.

Butte, Mont., April 5.—Municipal elections in Montana have resulted generally in favor of the Democrats. In Butte, John McGuinness, anti-trust candidate was elected mayor, while the Democrats elected a city treasurer. At Helena four Democratic and four Republican aldermen were leected. At Great Falls, the Democratic candidate for mayor was elected.

# MONTHLY MEETING BOARD OF TRADE

### Largely Attended and Interesting Session of That Body.

### WANT TO ADVERTISE CITY

**Committee Was Appointed to Confer With Dr. Clarence B. Strouse in Matter of Advertising—Board Pleased at Actions of Citizens.**

The regular monthly meeting of the Gainesville Board of Trade was held at the Board of Trade rooms, City Hall, Wednesday afternoon at 3 o'clock, a good crowd being present.

There was a great deal of important business coming before the board at this meeting. Among other things discussed was the proposed extension of the charter of the city of Gainesville, which would give to the city more municipal power, as well as extend the limits to a point which would greatly increase the population of the city. The board commended the action of the citizens in mass meeting Tuesday evening, and it was the nature of the meeting that every encouragement and influence be exercised towards the passage of the measure.

The matter of advertising the city through the Bible Conference, Christian Workers' Institute and Chautauqua was brought up, and after some discussion a committee comprising W. M. Pepper, Geo. W. Hyde and B. F. Jordan was appointed to confer with Dr. Clarence B. Strouse in the matter. The committee met Dr. Strouse late in the afternoon, and a special meeting of the Board of Trade will be held this afternoon, at which the committee will make its report.

The committee suggests that the business men and others using printed stationary permit the advertising of the functions to be placed upon the same, which will not detract from the respective business, but will prove a great agent in advertising Gainesville and the Bible Conference and Chautauqua.

## THE NEWS FROM MELROSE.

Melrose, April 5.—The Melrose postoffice did a rushing business during the past quarter, beating all previous records in the issue of money orders—viz: 342, and paying fifty-eight money orders. The registering of packages, etc., amounted to eighty pieces. The amount of general mail handled was also larger than any previous year.

Rev. S. F. Lawlor of Jasper, was the guest of Mr. and Mrs. Kunells at the Huffman House during the past week. His many friends were much pleased to see him again.

The Ladies' Aid Society reports a financial result of $15 from the recent pie supper.

P. M. Tolles had a very large cabbage palmetto planted on Bellamy Avenue fronting his house. It will be quite an addition to the town.

The next meeting of the Ladies' Literary Society will be on April 7th, the title of the paper to be read by Mrs. Paxton being, "High Individual Character is the Glory of a nation."

Mrs. E. M. King entertained a large number of her friends at progressive six-handed euchre on Thursday evening. The lucky winners of the prizes were Mrs. W. A. Vogelbach, H. B. Tolles, Mrs. J. A. Remmel and Miss Elsie Schneller. After enjoying a delicious supper the party adjourned at a very late hour.

Mrs. W. A. Vogelbach gave a progressive euchre party on Friday afternoon, six tables being filled. The prize winners were Mrs. H. W. Hamlyn, Mrs. J. W. Johnson, Mrs. W. Darlington and Mrs. S. Billam. Strawberry ice and cakes were the refreshments served at the close of the games.

Mrs. P. J. Darlington and Mrs. E. J. Whitehead were among those entertaining friends at dinner.

The fine weather is the cause of many picnics, the public park at Earleton being a favorite spot on account of its pretty surroundings. Miss Marion Robinson gave a picnic there on Saturday in honor of her friends, the Misses Clara Corbett and Nannie Bevell of Gainesville. All report having had a most pleasant time.

The members of the Melrose Reading Club and friends had a picnic on Monday at the same place, which also was a very enjoyable affair, the steamer Alert having been chartered for the occasion.

Rev. C. D. Frankel held two services at the Episcopal church on Sunday, which were very well attended. At an election for delegates to the diocesan convention next month H. von Noszky and S. Sutton were elected.

### Jonesville Happenings.

Jonesville, April 5 —The social given by the Misses Hamilton at the home of their mother, Mrs. W. J. Hamilton, on last Friday night was quite a success. McGill, Corbett, Milton, Pickett, Aleman, Green, Miller, North Pettit, Griffin, Chatman, Burke Weeks, Geo. Pickett and Jones.

We organized a Sunday school last Sunday a week ago, and had a very nice meeting last Sunday. Mr. Greene is our worthy superintendent.

# HOW TWO BEAUTIFUL WOMEN ESCAPED PELVIC CATARRH BY AID OF PE-RU-NA.

## Female Weakness Is Usually Pelvic Catarrh. Pe-ru-na Cures Catarrh Wherever Located.

Mrs. Lizzie Redding, 3134 B Clifton Place, St. Louis, Mo., writes:

"I found after trying many different medicines to restore me to health, that Peruna was the only thing which could be depended upon. I began taking it when I was in a decline, induced by female weakness and overwrought nerves.

"I began to feel stronger during the first week I took Peruna and my health improved daily until now I am in perfect health and enjoy life as I never did before."—Lizzie Redding.

Mrs. Mable Bradford, 13 Church street, Burlington, Vt., Secretary Whittier Oratorio Society, writes:

"Peruna is certainly a wonderful medicine for the ills of women. I have heard it spoken of in the highest praise by many, and certainly my experience is well worthy of a good word.

"I began to have severe pains across my back about a year ago, brought on by a cold, and each subsequent month brought me pain and distress.

"Your remedy was prescribed, and the way it acted upon my system was almost too good to be true. I certainly have regained my health and strength, and I no longer suffer periodical pains and extreme lassitude."—Mable Bradford.

### Thousands of Women Cured Every Year by Correspondence—This is What Dr. Hartman Proposes to Do For You Without Charge.

Women who suffer should read the evidences presented here. We have thousands of letters from grateful friends who tell the same story.

Half the ills that are peculiarly woman's own are of a catarrhal character. Female weakness was not understood for many years.

Dr. Hartman deserves the credit of having determined its real character. He has made catarrh and catarrhal diseases, including pelvic catarrh a life long study.

Peruna cures catarrh, whether of the pelvic organs or any other organ of the human body.

### Pe-ru-na, a Natural Beautifier.

Peruna produces clean, mucous membranes, the basis of facial symmetry and a perfect complexion.

The women have not been slow to discover that a course of Peruna will do more toward restoring youthful beauty than all the devices known to science.

Many a girl has regained her faded beauty, many a matron has lengthened the days of her comely appearance by using Peruna.

In Peruna these women find a prompt and permanent cure.

Thousands of testimonials to this effect are received by Dr. Hartman every year. The good that Peruna has accomplished in this class of cases can scarcely be over-estimated.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

# FIGHTING WILL BE RESUMED SHORTLY

## Japanese Are Screening Their Movements Carefully.

### CHINESE BANK FINDS ITS MONEY

**Pressure Is Being Brought on the Chinese Empire to Form an Open Alliance With Mikado's Forces—St. Petersburg and Tokio Receive Reports.**

Gunshu Pass, April 4.—A renewal of fighting is expected shortly. The concentration of the Russian army is complete with its advance lines south of the station of Sipinkhai, 74 miles north of Tie Pass. The Japanese are screening their movements well by means of cavalry and it is difficult to locate the bulk of their army.

A heavy movement seems to be in progress on the Russian flanks. The railroad station at Changtufu, 40 to 50 miles above Tie Pass, is occupied by Japanese artillery, but so far as ascertainable, it does not cover a very large body of troops. A two-wheeled cart of the Russo-Chinese bank containing more than $500,000, was lost during the retreat from Mukden has been found, but the cash chest of the Ninth regiment of artillery which was also lost, is still undiscovered.

A movement of the Chinese bandits led by Japanese officials through Mongolia, in the direction of Tsitsihar, 30 miles west of Harbin, has been reported and pressure is being brought by the Japanese in China for an open alliance with Japan.

Yuan Shi Kia, governor of Pe Chi Li province, and General Ma, commander of the Chinese forces, on the frontier, are said to be at the head of this agitation. General Linevitch's headquarters are in General Kuropatkin's old train.

The Chinese continue to bring in stores.

### Movements of Jap Army.

Tokio, April 3.—Noon.—A part of the Kaiyuan force drove the Russians from Mienhuachieh and occupied the village and northern heights on March 31st.

The situation inother directions is unchanged.

### General Linevitch Reports.

St. Petersburg, April 4.—General Linevitch in a dispatch dated April 2, says:

"The situation remains unchanged.

"A Russian patrol during the night of March 27, surrounded a Japanese patrol consisting of six dragoons in the village of Baichanchentz, on the extreme Russian left. Five of the Japanese were killed. A sergeant was captured.

These names were announced at the war department today, and in connection with the announcements Secretary Taft gave out for publication a statement showing the allotments of salaries to the new commissioners and his own letter to the president and one from the president containing the plan for re-organization of the commissions. The reasons therefor and the particular duties to be assigned to each commissioner.

### Canadian Dies in Texas.

### Dowie Left Bills Unpaid.

San Francisco, April 4.—Hugh Craig has recovered judgment against Elijah H. Dowie, of Zion, Ill., for $1,765 which represents an unpaid balance advanced by Craig to cover the expenses of Dowie's campaign in San Francisco on his first visit here after returning from Australia. There was an item of $252 for a sojourn at the Palace Hotel, about $1,000 for advertising and $1,250 for rent of the opera house. It was said that Dowie won Craig's gratitude by curing Mrs. Craig of an illness of long standing.

## ALL DRUGGISTS

A Scotch divine had risen up in the pulpit to lead the congregation in prayer when a man in the front row of the gallery took out his handkerchief to wipe his brow, forgetting that a pack of cards was wrapped up in it. Noisily the whole deck was scattered over the floor of the gallery. "Oh, mon, mon," solemnly remarked the minister, "surely your psalm bulk has been but ill bund!"

A West Virginia couple that did not want to get into hot water during the marriage ceremony, stood in the middle of a stream while the ceremony was performed. Since that time they have been in hot water.

### MRS. HANEY WAS HERE.

# THE NEW CHARTER HAS BEEN PASSED

## Important Meeting of Citizens at Court House Tuesday Night.

### AN IMPORTANT GATHERING

**Many Who Had the Welfare of the City's Future at Heart Congregated to Hear Report of Special Committee On Charter, and Were Pleased.**

The meeting of citizens at the court house Tuesday evening, which was called for the purpose of receiving the report of the committee on extended charter for the city of Gainesville, was well attended, many of the most progressive citizens and business men being present.

The meeting was organized by the selection of Mayor W. R. Thomas as chairman, and Jesse E. Burtz, secretary. The chairman thanked the meeting for the honor, and proceeded to explain the purposes of the meeting.

The secretary read the bill entitled "A Bill to be Entitled An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercising of These Powers."

This bill, comprising ten sections, was first read as a whole, then taken up, read and adopted by sections. The bill as recommended extends the corporate limits for a distance of one and a half miles in each direction from the court house square, and gives to the city increased power. It was passed without opposition, all present seeming to agree as a unit as to the proper document.

After the reading and passage of the bill a motion prevailed that the same be forwarded to the Senator and Representatives from Alachua county, with the request to exercise their influence in the Legislature in the matter of having same passed.

The passage of this bill will mean a big thing for Gainesville, since it will give the municipality greater increased power in the matter of public improvements, etc.

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

**Meanings of Some Old Words.**

Many words once written with dignified motive now cause us to read passages of standard literature with a guffaw. The word "imp" was once a term of high honor, but how now sounds the line from Spenser, "Ye sacred imps that on Parnasso dwell?" Over many a grave of the old French nobles may be read the line, "Here lies that noble imp." A sacred poem, written by Gascoigne three centuries ago, begins a stately address to the posterity of Abraham with the words, "O Abraham's brats," brat being then a word of stately meaning. Opening an old dictionary at random one day, my eye happened to fall on the word "tragedy." A note explained that it comes from a Greek word which means "a goat song," because the oldest tragedies were exhibited when a goat was sacrificed or given as a prize to the best actor. The word "infant" means literally "not speaking." Have you a pug dog? Did you ever think his face looks like that of a monkey? The monkey he most resembles is the pug monkey, which gets its name from Pug or Puck, as Shakespeare writes, the sprite of mischief.—London Queen.

**Illegible Signatures.**

"Among a lot of letters I received in answer to an advertisement," said a business man, "there was one that inclined me toward its writer, except that I couldn't read the signature. Every word in the body of the letter was clear, but the signature was illegible. I don't know how many people there are who write plainly enough until they come to write their own name and then write that blindly. I suppose it is more from force of habit than anything else, for they may be otherwise the most careful people in the world.

"Every man should write his signature with perfect distinctness, so that it can be read easily and without mistake by those unfamiliar with it, and also as a mark of his own care and exactness.

"One letter that I received, its body written, had its signature put on with a hand stamp. I didn't know just what to think of this, but it had at least the merit of perfect plainness."—Washington Post.

## COLSON AND O'NEAL.

**Two Aspirants for Alderman Pedrick's Position Certified by Council.**

The City Council held a special meeting Tuesday evening for the purpose of certifying candidates for the position of alderman, to fill the vacancy caused by the recent resignation of Alderman Pedrick.

There were only two petitions presented, those of Dr. J. H. Colson and Edward A. O'Neal, and these names were certified as candidates. Both are good men, and our people may feel sure that in the election of either the city will have an efficient representative.

The special election will be held on the 25th inst.

**In the Doldrums.**

We may hear it said of one who is in low spirits, "he is in the dumps," or "he is in the doldrums," but many who use the latter of these phrases have caught it up without any knowledge of its real significance. The region of calms is a belt which stretches across the Atlantic and Pacific almost on a line with the equator. Here meet the north and south trade winds, and squalls and heavy rains are frequent, but the characteristic of this region, which is known also as the doldrums, is an oppressive calm. The name nowadays loses much of the significance attached to it by sailors in the past, who, if their ships ran into that region, might whistle in vain for wind, as their sails hung heavily, and all seemed to be

As idle as a painted ship
Upon a painted ocean.

**Warding Off Old Age.**

A famous French general when asked how it was that he had such an erect carriage replied that it was because he bent over and touched the floor with his fingers thirty times every day. If he had acquired rigidity of the spine so that he could not do that he would have had with it weak abdominal muscles, which result in portal congestion. This portal congestion interferes with stomach digestion and with the action of the liver. The poison destroying power of the liver is lessened, auto intoxication results, and arteriosclerosis and old age come on at a much earlier day. But by keeping the spine flexible and the abdominal muscles strong and taut the portal circulation is kept free, and old age is held off.—Good Health.

**The Little Giant.**

Colonel Clark E. Carr met Senator Douglas during the time of the famous Lincoln and Douglas debates and thus describes him in his book, "The Illini": "I had never heard so impressive a voice, so deep and sympathetic. He had a sort of confiding way, as much as to say, 'I am going to tell you—I feel that I can trust myself to say to you,' as though you were the one person in whom he could confide. He was only five feet four and was well called 'the little giant.' I was astonished to find he had so good a fig—"

**Two Women Burned to Death.**

Raleigh, N. C., April 4.—Mrs. Edward Teague, wife of a prominent resident of Burlington, was burned to death at her home while superintending the removal of leaves from the lawn. The leaves were burning and she walked too near, her dress caught fire, the wind fanned the flames, in a moment she was ablaze and she rushed into the house of a neighbor, where two gentlemen tried to put out the fire, and both were badly burned. Her age was 67. Almost at the same time in the adjoining town of High Point Mrs. William Roche met her death in exactly the same way. She was so terribly burned that the flesh fell from her body.

**Bonfire Results Fatally.**

Portland, Ore., April 4.—After building a bonfire of magazines and papers in a cabbage patch near her home, Mrs. Charles Hemmers, saturated her clothes with kerosene and igniting them she burned herself to death. Mrs. Hemmers was the aged wife of a farmer living at Orient, a small place lying a few miles east of this city. Mrs. Hemmers made a previous attempt to kill herself a few years ago in the Sutro baths at San Francisco, Cal., after having been deserted by a former husband. Ever since that even she is said to have been a sufferer from melancholia.

**Last Hope Vanished.**

When leading physicians said that W. M. Smithart of Pekin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for consumption, coughs and colds kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for coughs, sore throats or colds; sure preventive of pneumonia. Guaranteed, 50c and $1.00 bottles at all drug stores. Trial bottle free.

**Frightful Suffering Relieved.**

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

**Sawing Brass.**

Almost all hack saws or jig saws will cut soft brass very well. The teeth must be very fine and some judgment employed in their use. The jig saws are extremely light, not larger than a small wire, and must be used in a spring frame that will hold them tight so that they will not double up. Jewelers' saws will be needed for spring brass.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am Yours truly,

W. C. DANIEL.

# THE LEGISLATURE DOWN TO BUSINESS

## Three Good Bills Introduced by Senator McCreary.

### EAST FLORIDA SEMINARY BILL

**Special Appropriation for That Institution Asked—Uniform Text-Books Bill and Time of Holding Court—A Bill Defining Vagrancy.**

Special to The Daily Sun.

Tallahassee, Fla., April 5.—The Senate and House got down to business today and it looks as though the present would be a business session.

**The Senate.**

In the Senate among the first measures introduced were the bills of Senator McCreary of Alachua for uniform text books in the public schools; a bill providing a time for holding the terms of court of the Eighth Judicial Circuit; a bill for a special appropriation for the East Florida Seminary; also a bill defining vagrancy.

Companion bills to the last two were introduced in the House by Reps. Tillman and Roseborough of Alachua.

The Baskin protest to Senator Brown holding his seat was read in the Senate, together with the certificate from the Secretary of State.

The whole matter was referred to the Committee on Elections and Privileges.

### CATTLE HAVE ARRIVED.

**Carload of Herefords for Spring Park Farm Came in Good Time.**

The carload of Hereford registered cattle recently purchased at Henrietta, Texas, by N. A. Callison, manager of Spring Park Farm, Bennington, notice of which has already appeared in The Sun, arrived via the Seaboard Air Line Tuesday night, and Wednesday were unloaded and driven to the farm, eight miles to the westward of the city.

The consignment consisted of seventeen head of fine cattle, all registered, and was one of the finest droves of cattle ever seen in this State. The drove as a whole was viewed by many cattlemen who know a good cow, and the flock was the center of admiration of all who saw it.

Manager Callison states that the Spring Park Company has finished buying cattle for the present, as they now have one of the best stocked farms not only in the State, but in the entire Southeast.

Photographer Smith secured an excellent photograph of the car, which will be used for advertising purposes.

### MRS. ACKLEY ENTERTAINS.

**Her North Gainesville Home Scene of Happiness and Gaiety.**

A delightful afternoon tea party was given at the home of Mrs. Edgar Ackley, North Gainesville. There were assembled Miss I. E. Webster, Mrs. W. H. Palmer, Mrs. Graves, Mrs. M. Dorman, Mrs. Scoville, Miss Girard, Mrs. Robb, M. D., Miss McCracken, Mrs. J. D. Turner, Mrs. Wolf, Miss E. A. Larzelere.

It has scarcely been my privilege to be entertained in so artistic a manner, each little detail in its ingeniousness showing the hand of skill dictated by the soul of the artists. Mrs. Ackley, with her inimitable, gracious sweetness, assisted by her charming friend, Mrs. I. E. Webster, seemed to exhale the fragrance of their personality upon all, that each was so bright and witty, I could not point out the stars, but call it a galaxy. GUEST.

**Always Liberal to Churches.**

Every church will be given a liberal quantity of L. & M. paint. Call for it.

4 gallons Longman & Martinez L. & M. Paint mixed with three gallons linseed oil, will paint a house.

W. B. Barr, Charleston, W. Va., writes: "Painted Frankenburg block with L. & M. Stands out as though varnished."

Wears and covers like gold.

Don't pay $1.00 a gallon for linseed oil, which you do in ready-for-use paint.

Buy oil fresh from the barrel at 50 cents per gallon and mix it with L. & M.

It makes paint cost about $1.20 per gallon. Sold by S. J. Thomas, Gainesville; J. C. Bishop, Alachua.

**Jersey Cows for Sale.**

A few good good graded young Jersey cows with young calves. J. B. Simonton, Lake Simonton Farm. w2t

**Board of Public Instruction.**

At a meeting of the Board of Public Instruction held Monday, an order was made by the board requiring all bills against the board and for school purposes to be presented the day before the regular meeting of the board, which is held the first Tuesday in each month. This means that bills must be in the hands of Superintendent Kelley on Monday preceding such regular meetings. Dr. Kelley also requests The Sun to state that the accumulation of warrants is very annoying and inconvenient, and he would be glad to have persons to whom warrants are made payable to apply and receive same as soon after the meeting as possible.

Among other business, the board, by requisition of the Gainesville subschool district, paid $2,000 indebtedness of the district. This money was the property of the sub-school district, but its disbursement is left with the school board.
